

Agenda Item: Public Hearing for Elizabeth Ln School Cell Tower Request

DATE: January 7, 2014
RE: Request to Withdrawal Application 2013-601
FROM: Jay Camp, Senior Planner

Background/Issue:

On December 30th, 2013, a withdrawal request was submitted for Application 2013-601. Because the original Public Hearing date was in November, the request must now be granted by the Board of Commissioners as described in the rezoning application instructions:

An application for rezoning of property may be withdrawn by the applicant at any point up to and including fifteen (15) days prior to the public hearing. The applicant must request the withdrawal in writing. After this deadline, an application may be withdrawn only if the Board of Commissioners formally allows it. A resubmission of a zoning request is allowed at any time following a withdrawal. If a zoning request is denied, then a new application for the same property shall not be submitted for a period of one year from the date of denial, unless a waiver is granted.
