STRATEGIC OPERATIONS EXECUTIVE

Drives Operational Efficiency in Customer Service Centers and Home Improvement Sector

Senior Operations Leader of national retail and customer service initiatives with comprehensive experience driving home improvement installation projects. Develop national service districts from initial concept through implementation, delivering growth while achieving operational efficiencies. Define business strategy, structure and processes that lead to successful integration of service and repair functions. Provide troubleshooting for ongoing operational issues, ensuring solutions and enhancements to processes.

Collaborative problem solver who consistently delivers improved financial results while enhancing customer experience. Strong communicator known for implementing change, clarifying expectations, setting priorities and translating company strategies into success.

Expertise in:

**Strategic Planning | Operations Controls | Sales & Performance Management
Retail & Contractor Management | Labor Pricing and Resource Management**

PROFESSIONAL EXPERIENCE

SEARS HOME IMPROVEMENT PRODUCTS, Longwood, FL

2006 to 2015

Director, Home Improvements Installation

2012 to 2015

Managed all operational and customer service activities related to installation of 60K home improvement projects annually. Led installation organization of over 150 installation managers, 2.5K subcontractors and \$500M in annual installed revenue.

Key Accomplishments:

- Directed strategic approaches to manage growth and change, centralization, standardization, and alignment, resulting in significant improvement in operational efficiencies, reduced costs and enhanced installation experience.
- Led highly productive team of regional managers, establishing performance metrics and reporting systems to achieve target results in line with market forecasts.
- Provided best-in-class customer service through development and implementation of centralized support model, providing local markets with contractor staffing and contractor labor forecasting.
- Reorganized installation field management structure, expanding span-of-control for key executives and leveraging project management expertise across district boundaries.

Director, Labor Pricing and Resource Management

2010 to 2011

Oversaw all subcontractor recruitment, staffing and retention to ensure on time and on budget delivery of end-to-end installation experience. Managed all labor pricing functions to maximize profitability on a job-by-job basis.

Key Accomplishments:

- Created scalable, automated contractor labor pricing model, providing local market-based pricing with tiered labor rate flexibility to reward loyalty and improve retention of high-performing subcontractors.
- Implemented labor forecasting tool, enabling each district office to understand, plan, and execute placement of contractors to manage installation demands.
- Developed labor cost auction tool and implemented series of subcontractor labor rate auctions, resulting in \$3M in annual labor savings.

SEARS HOME IMPROVEMENT PRODUCTS – *Continued***Director, HVAC Service and Repair**

2009

Led transition of HVAC service and repair organization from Sears In Home Repair organization to Sears Home Improvement Products business.

Key Accomplishments:

- Created business strategy, structure and processes, leading to successful integration of service and repair function.
- Provided troubleshooting for ongoing operational issues, providing solutions and enhancements to processes.
- Managed integration of 24-HVAC repair districts, including approximately 250 service technicians into Sears Home Improvement Products, resulting in \$5M in additional annual revenue.

District General Manager

2008 to 2009

Provided management oversight for \$10M in home improvement sales and 1.2K home improvement projects annually. Managed daily activities, strategies, and policies of district office market. Ensured correct resources were in place to maintain profitable conversion of installation work while providing outstanding customer experience.

Key Accomplishment:

- Set records in sales close percentage and operating income, resulting in Sears Home Services national “Top Ten” annual performance award.

Director of HVAC Operations

2006 to 2007

Identified, developed, and recommended installation processes and procedures for HVAC product line throughout country. Identified and developed HVAC procedural materials designed to support HVAC installation process.

Key Accomplishments:

- Provided centralized HVAC technical installation support to field, driving HVAC installation performance.
- Developed automated processes for equipment purchases, project assignments and subcontractor payments, driving efficiency and reducing costs in rapidly expanding product line.

ADDITIONAL EXPERIENCE**SEARS HOLDINGS CORPORATION**, Columbus, MS and Charlotte, NC**Store General Manager****District Home Improvement and Appliances Merchandise Manager****District Operations Manager for full-line stores****SEARS CONTRACTOR SERVICES GROUP**, Charlotte, NC**District Contractor Manager****Region HVAC Installation Manager****EDUCATION**

Bachelor of Science, Psychology, Georgia State University, Atlanta, GA

Kerry P. Lamson

Executive Biography

Kerry has over thirty years experience in business with all types of organizations from start-ups and non-profit associations to Fortune 100 companies. Before retiring recently, his latest company started in 2005 helped executives influence the market's "perspective" of their company. Kerry provided client specific consulting in areas such as long range planning and strategy, business development, product management, marketing and finance

Kerry has enjoyed a successful career in some of the most innovative companies in the world helping to create and influence emerging market growth. He has led technology start-ups and a not-for-profit association. He is best described as part *Evangelist*, part *Strategist*, part *Technologist* and all *Entrepreneur!*

Prior to starting eBiz Perspectives, Kerry was CEO for the Open Network for Commerce Exchange (ONCE), the world's largest business-to-business global network of companies processing over \$10B in online purchase transactions annually. He is an author, speaker and educator on the issues affecting industry adoption of new "software as a service" networks and processes.

Previously, Kerry served as Senior Vice President and General Manager of PeopleSoft MarketPlace, a business unit of PeopleSoft where his responsibilities included the creation and management of their electronic business exchange. During the 1990s, he also held the positions of Senior Vice President of Worldwide Marketing at Indus International, Vice President of Applications Product Marketing at Oracle, and Director of Electronic Commerce and Integration Products at SSA.

Prior to entering the high tech industry Kerry enjoyed a progressive 14 year career at Westinghouse Electric including several years in international and domestic corporate finance, venture portfolio management, acquisitions/divestitures and corporate strategy roles. Kerry earned a B.S. in finance and economics from Pennsylvania State University.

Kerry has served as a member of OAG and UN/EDIFACT working groups and has monitored work from UN/CEFACT's Electronic Business Transition ad-hoc Working Group (eBTWG). Today he volunteers time to several organizations including the Siskey YMCA and MUMC's Forever Young organization. He has also held director or board level positions in several homeowners associations and currently is a Board member and Treasurer for Forest Brook Estates Homeowners Association located in Matthews, NC.

Kerry lives in Matthews, North Carolina with his wife Jeannie and has one son. He is an enthusiastic but inconsistent golfer and a novice bocce player.

SIGNATURE:  DATE: 1-16-16

I understand that this application will be kept in active status for two years from date of application.

Jana Reeve
608 Bubbling Well Rd.
Matthews, NC 28105

January 15, 2016

Hello! I wanted to add a bit more to my Planning Board application by including this personal statement regarding the position.

I have served on the Board of Adjustments and Planning Commission for the city of Auburndale, FL, and was fortunate to participate in valuable training sessions and tours. While on the BOA, I was asked by town representatives to join the planning commission for my objectivity in helping with zoning decisions.

Much of my working career was spent in the mortgage business, where I worked closely with new home builders, land planners, surveyors, and appraisers. I have served in other management positions as well and am skilled at organizing and motivating people for efficiency and effectiveness.

Since moving to Matthews in 2002, I have lived in Sardis Forest, Shanamara (28104), Brightmoor, Bexley at Matthews apartments, and now on Bubbling Well Road. I probably have a friend or associate in every other neighborhood! My children are both at Butler after attending Matthews Elementary and Crestdale. We love and are involved in the community and you've most likely seen us walking or riding out bikes to the farmer's market or Dilworth Coffee. I was involved for a short time with the old Matthews newspaper and the Chamber.

I currently serve as the Treasurer for my son's Boy Scout troop 140, which meets every Tuesday night at 7pm. Because of this, family and work commitments, I've not had the capacity to serve on an evening committee before. However, my son will soon be an Eagle scout and I will eventually step down from the Treasurer position. In the meantime, the troop leadership does not mind if I miss a meeting each month.

As I mentioned in my application, I once heard Lee Meyers describe Matthews as having a great mix of residential and commercial areas. He felt that our neighbor Pineville was heavy on commercial and that Mint Hill was a bit too residential. I've always remembered that objective and enjoyed watching Matthews keep its delicate balance. I'm not scared of progress, but I appreciate the privacy of a wooded street. I'm sad to see trees lost on Trade Street, but I'm thrilled at the widening project. My home is next to Plantation Estates and Hampton Green and I think Matthews has made great decisions on those projects. My family enjoys and sees the value of the greenway, the rec center, the athletic fields and our beautiful parks.

In summary, I feel that I'm an experienced, conscientious and objective citizen who would be a benefit to this committee and to our city. I hope that you'll consider my application.

Sincerely,

Jana Reeve
