

A **Driveway Permit Application** must be completed and approved for any new driveway, or any change to an existing driveway, connecting to a Town street.

A blanket Driveway Permit Application must be completed and approved for any new subdivision which includes any existing or proposed future Town street(s). This blanket permit will cover any new driveway within the subdivision for two (2) years. A separate Driveway Permit Application must be completed and approved for any new driveways installed after two years from the approval date of the blanket permit.

Any new driveways connecting to a State road must be permitted through the North Carolina Department of Transportation (NCDOT). They may be reached at 980-523-0000.
