I, Jill Pleimann, Clerk of the Board of Commissioners of the Town of Matthews, DO HEREBY CERTIFY that the foregoing is a true and exact copy of a resolution adopted by the Board of Commissioners of the Town of Matthews, in regular session convened on the 23rd day of June, 2008.

Clerk to the Board of Commissioners
RESOLUTION AUTHORIZING THE FILING OF AN APPLICATION FOR
APPROVAL OF A FINANCING AGREEMENT AUTHORIZED BY NORTH
CAROLINA GENERAL STATUTE 160A.

WHEREAS, the Town of Matthews, North Carolina, desires to consolidate and refinance
its current installment debts; and

WHEREAS, the Town of Matthews desires to finance the project by the use of an
installment contract authorized under North Carolina General Statute 160A, Article 3, Section
20; and

WHEREAS, the findings of fact by this governing body must be presented to enable the
North Carolina Local Government Commission to make its findings of fact set forth in North
Carolina General Statute 151, Article 8, Section 159, prior to approval of the proposed contract;

NOW THEREFORE, BE IT RESOLVED that the Board of Commissioners of the Town
of Matthews, North Carolina, meeting in regular session on the 23rd day of June 2008,
makes the following findings of fact:

1. The proposed contract is necessary or expedient because by consolidating and
refinancing on of its current installment debts, it will get a better interest rate and, thereby, saving
the taxpayers of the Town of Matthews approximately $329,465 in interest payments, freeing
up liens on two (2) existing public safety facilities and that the debt management of the Town of
Matthews is in good standing and by this action it is not proceeding due to any default. Additionally,
with the refinancing, the Town will maintain its existing principal payoff terms and shall
not extend any debt beyond their original terms.

2. The proposed contract is preferable to a bond issue for the same purpose because
the administrative costs associated with this refinancing is substantially less than
what a bond issue would cost; that the consolidation and refinancing by installment contract will not extend the existing debt beyond the original terms, which a new bond issue would do; and that the proposed undertaking exceeds the
amount that can be prudently raised from current available appropriation, unappropriated
fund balances and non-voted bonds that could be issued by the Town in the current fiscal year pursuant to Article V, Section 4 of the North Carolina Constitution.

3. The sums to fall due under the proposed consolidation and refinancing contract
are adequate and not excessive for the proposed purpose because the Town will
finance at a lower interest rate and save future interest payments in the amount of
approximately $365,000.

4. The Town of Matthews’ debt management procedures and policies are good
because the debt management policies of the Town have been carried out in a
strict compliance with law and, additionally, the Town Board assures that the debt management will henceforth be so carried out.

5. There should be no increase in taxes necessary to meet the sums to fall due under the proposed contract since the principal sum will remain the same as previously financed and there will be savings in the interest payments incurred by the proposed consolidation and refinance.

6. The Town of Matthews is not in default in any of its debt service obligations.

7. The Town Attorney for the Town of Matthews has rendered an opinion that the proposed project is authorized by law and is a purpose for which public funds may be expended pursuant to the Constitution and laws of North Carolina.

NOW, THEREFORE, BE IT FURTHER RESOLVED that the Town Manager is hereby authorized to act on behalf of the Town of Matthews in filing an application with the North Carolina Local Government Commission for approval of the project and the proposed financing contract and other actions not inconsistent with this Resolution.

This Resolution is effective upon its adoption this the 23rd day of June 2008.
