BE IT RESOLVED by the governing body for the Town of Matthews, North Carolina (the “Town”):

Section 1. The governing body of the Town of Matthews does hereby find and determine:

(a) The Town of Matthews proposes the acquisition of certain equipment, as more fully described in the hereinafter mentioned Contract (collectively, the “Equipment”);

(b) After consideration, the governing body of the Town of Matthews has determined that the most advantageous manner of financing thereof is by an installment contract pursuant to Section 160A-20 of the General Statutes of North Carolina, as amended, with the Town of Matthews’s obligations under the Contract (hereinafter defined) designated as “qualified bonds” (known as Build America Bonds (Direct Payment)) under Section 54AA(g) of the Internal Revenue Code of 1986, as amended (the “Code”);

(c) Pursuant to Section 160A-20, the Town of Matthews is authorized to finance the acquisition of personal property, including fixtures, by installment contracts that create a security interest in the property financed to secure repayment of the financing; and;

(d) On January 25, 2010 the Town of Matthews held a public hearing with respect to the financing of the Equipment through the Contract, and

(e) RBC Bank (USA) (“RBC Bank”) has proposed that RBC Bank enter into an Installment Financing Contract with the Town of Matthews to finance the Equipment pursuant to which RBC Bank will lend the Town of Matthews the amount of $861,246.00
(the “Contract”) and a related Escrow Agreement between the Town of Matthews and RBC Bank (the “Escrow Agreement”).

Section 2. The governing body hereby authorizes and directs the Town Manager and the Finance Director to execute, acknowledge and deliver the Contract and the Escrow Agreement on behalf of the Town of Matthews in such form and substance as the person executing and delivering such instruments on behalf of the Town of Matthews shall find acceptable. The Clerk is hereby authorized to affix the official seal of the Town of Matthews to the Contract and the Escrow Agreement and attest the same.

Section 3. The proper officers of the Town of Matthews are authorized and directed to execute and deliver any and all papers, instruments, opinions, certificates, affidavits and other documents and to do or cause to be done any and all other acts and things necessary or proper for carrying out this Resolution, the Contract and the Escrow Agreement.

Section 4. Notwithstanding any provision of the Contract or the Escrow Agreement, no deficiency judgment may be rendered against the Town of Matthews in any action for breach of a contractual obligation under the Contract or the Escrow Agreement and the taxing power of the Town of Matthews is not and may not be pledged directly or indirectly to secure any moneys due under the Contract, the security provided under the Contract being the sole security for RBC Bank in such instance.

Section 5. The Town of Matthews covenants that, to the extent permitted by the Constitution and laws of the State of North Carolina, it will comply with the requirements of the Code as required so that the Town of Matthews’s obligations under the Contract will meet the requirements to be “qualified bonds” as described under Section 54AA(g) of the Code.

Section 6. This Resolution shall take effect immediately upon its passage. Upon motion of Commissioner Moore, seconded by Mayor Pro-Tem Gulley, members of the governing body, the foregoing resolution entitled “RESOLUTION AUTHORIZING THE EXECUTION AND DELIVERY OF AN INSTALLMENT FINANCING CONTRACT IN THE AMOUNT OF $861,246.00 WITH RBC BANK (USA) TO FINANCE THE ACQUISITION OF CERTAIN EQUIPMENT, AUTHORIZING THE EXECUTION AND DELIVERY OF RELATED INSTRUMENTS, AND DETERMINING OTHER MATTERS IN CONNECTION THEREWITH” was passed by the following vote:

RESOLUTION SUPPORTING CDBG PROJECTS IN MATTHEWS

WHEREAS, Mecklenburg County has received notification that it is eligible to receive grant funds through the urban county entitlement segment of the federal Community Development Block Grant (CDBG) program due to sufficient population in the portions of the county outside of any other entitlement jurisdictions; and

WHEREAS, the exact amount of funding anticipated per year is not currently confirmed; and

WHEREAS, the Towns of Cornelius and Matthews have indicated their intent to join with the County in this entitlement segment and therefore will not individually seek any CDBG funding from the Small Cities discretionary program; and

WHEREAS, Mecklenburg County is developing a three year comprehensive plan for the administration and allocation of CDBG funding, which may include eligible projects anywhere within the unincorporated areas of the County and within the Town limits of Cornelius and Matthews; and

WHEREAS, the Town of Matthews has received a selection of proposals for CDBG funding from local organizations which the Town determines are worthy of consideration for CDBG funding within the identified three-year cycle.

Date 3/8/10
RESOLUTION TO ADOPT THE
CAROLINA THREAD TRAIL MASTER PLAN FOR
The Town of Matthews, NC

Whereas, the Carolina Thread Trail's mission is to bring resources to the 15-county region in the south-central piedmont of North Carolina and the north-central portion of South Carolina in order to create an interconnected trail system with major regional trails designated as the Carolina Thread Trail, and

Whereas, many communities in our region have taken a lead in planning and/or building local trails and greenways, and those efforts can be greatly enhanced by being connected to a larger regional network of trails; and

Whereas, this Master Plan outlines a means for long-term coordination of greenway and trail development within the town of Matthews to help promote the preservation and improvement of residents' quality of life; and

Whereas, it presents a first-ever plan to integrate all existing and proposed municipal and county trails with additional greenway/trail segments that will together create a comprehensive multi-use network for connecting people, places and destinations to each other and surrounding counties; and

Whereas, it is well understood that building a trail system of this scale is a long-term undertaking, and segments will emerge over time and grow together, and adjustments will be made to the proposed routes as circumstances change and more information becomes available; and

Whereas, adoption of this Master Plan means that it will serve as a guideline for developing future proposed connections and does not imply a commitment of funding by local governments for implementing the trails described therein; and

Now, Therefore, Be It Resolved by the Town Commissioners, that the Town of Matthews hereby adopts the Carolina Thread Trail Master Plan for the Matthews community; an outline for a system of trails that will connect our communities, people and special regional points of interest for years to come.

Adopted this the 8th day of March, 2010.

RESOLUTION REQUESTING THE ADOPTION OF STATE RULES
REQUIRING EARLY IMPLEMENTATION OF FEDERAL STANDARDS FOR
HOSPITAL, MEDICAL AND INFECTIOUS WASTE INCINERATORS

WHEREAS, on October 6, 2009 the United States Environmental Protection Agency (USEPA) adopted federal regulations in 40 CFR 60 Subpart Ce entitled “Emission Guidelines and Compliance Times for Hospital/Medical/Infections Waste Incinerators” for existing medical waste incinerators (New Federal Standards); and

WHEREAS, the New Federal Standards establish lower emission rates and additional operating conditions than existing State and prior federal regulations; and

WHEREAS, the New Federal Standards require states to promulgate new state rules that will require existing medical waste incinerators to comply with the New Federal Standards no later than October 6, 2014, and to obtain USEPA approval of the new state rules within two years after October 6, 2009; and

WHEREAS, medical waste incinerator(s) in Mecklenburg County are in compliance with existing federal and State emission rate standards and the “health based” North Carolina Toxics Air Pollution rules, but do not meet the New Federal Standards; and

WHEREAS, public concern regarding medical waste incineration has been expressed by the Town of Matthews, the Town of Stallings and members of the public; and

WHEREAS, the USEPA’s action effectively provided notice that emission rates and other requirements would change; and

WHEREAS, a three-year advance notice period for compliance would be consistent with USEPA’s approach in regulating existing affected sources under the Maximum Available control Technology (MACT) program; and

WHEREAS, Mecklenburg County, as a certified local program, may propose and adopt a Mecklenburg County specific regulation requiring compliance with the New Federal Standards earlier than the federal deadline of October, 2014, however, because it would differ from existing State rules, the local rule would require North Carolina Environmental Management Commission approval; and

WHEREAS, since the North Carolina Department of Air Quality has already initiated the rulemaking process to incorporate the New Federal Standards into the North Carolina rules, it would be more efficient for the State to adopt a state-wide rule as required by USEPA and follow the County’s request for early state-wide implementation of the New Federal Standards than for the
County to obtain special permission for its local regulations to be inconsistent with State rules;

NOW, THEREFORE, BE IT RESOLVED that the Matthews Town Board of Commissioners respectfully requests that the North Carolina Environmental Management Commission adopt State rules implementing the October 6, 2009 federal guidelines (40 CFR 60 Subpart Ce Emission Guidelines and Compliance Times for Hospital/Medical/Infectious Waste Incinerators) with an effective compliance date for existing medical waste incinerators of no later than October 6, 2012 to include new operating conditions, completing modifications, beginning operations and demonstrating compliance by stack test by that date.

RESOLUTION OF THE TOWN BOARD OF COMMISSIONERS OF THE TOWN OF MATTHEWS, NORTH CAROLINA, AUTHORIZING THE FILING OF AN APPLICATION FOR APPROVAL OF AN INSTALLMENT FINANCING AGREEMENT AUTHORIZED BY NORTH CAROLINA GENERAL STATUTE 160A

WHEREAS, the Town of Matthews, North Carolina desires to renovate and improve the existing fire station parking lot and add a new parking lot; and

WHEREAS, The Town of Matthews, North Carolina desires to finance the Project by the use of an installment contract authorized under North Carolina General Statute 160A, Article 3, Section 20; and

WHEREAS, findings of fact by this governing body must be presented to enable the North Carolina Local Government Commission to make its findings of fact set forth in North Carolina General Statute 151, Section 195, prior to approval of the proposed contract;

NOW, THEREFORE, BE IT RESOLVED that the Board of Commissioners of the Town of Matthews, North Carolina, meeting in regular session on the 27th day of September, 2010, makes the following findings of fact:

1. The proposed contract is necessary or expedient because the critical deterioration status of the parking lot and the needed repairs are of such extensive nature that fire equipment currently does not have access to the back side of the building and it is necessary to block road frontage to back trucks and/or equipment into the fire bays.

2. The proposed contract is preferable to a bond issue for the same purpose because the administrative costs associated with this refinancing is substantially less than what a bond issue would cost; and that the proposed undertaking exceeds the amount that can be prudently raised from current available appropriation, unappropriated fund balances and non-voted bonds that could be issued by the Town in the current fiscal year pursuant to Article V, Section 4 of the North Carolina Constitution.

3. The sums to fall due under the proposed installment financing contract are adequate and not excessive for the proposed purpose because the Town will utilize Build America Bonds to effectively reduce our interest payments.

4. The Town of Matthews' debt management procedures and policies are good because the debt management policies of the Town have been carried out in strict compliance with law and, additionally, the Town Board assures that the debt management will henceforth be so carried out.

5. There should no increase in taxes necessary to meet the sums to fall due under the proposed contract due to the proposed installment financing contract.

6. The Town of Matthews is not in default in any of its debt service obligations.

7. The attorney for the Town of Matthews has rendered an opinion that the proposed project is authorized by law and is a purpose for which public funds may be expended pursuant to the Constitution and laws of North Carolina.
NOW, THEREFORE, BE IT FURTHER RESOLVED that the Finance Officer is hereby authorized to act on behalf of the Town of Matthews, North Carolina in filing an application with the North Carolina Local Government Commission for approval of the project and the proposed financing contract and other actions not inconsistent with this resolution.

This resolution is effective upon its adoption this 27th day of September, 2010.

The motion to adopt this resolution was made by Commissioner [Name], seconded by Commissioner [Name], and passed by a vote of [Number] to [Number], unanimously.
