I hereby request the Town of Matthews to begin the application process for a rezoning petition to update the zoning district where my property is located, and prepare associated zoning variance applications if required. I understand that an application requiring my signature must be in place prior to commencement of the rezoning process. Once the rezoning process is underway, Town staff will act as representative to the owner throughout the process and will process all paperwork and conduct due diligence to move the rezoning petition towards a final decision date.

**GENERAL STATUTE 160A-385: CHANGES.**

(a) Zoning ordinances may from time to time be amended, supplemented, changed, modified or repealed. In case, however, of a qualified protest against a zoning map amendment, that amendment shall not become effective except by favorable vote of three-fourths of all the members of the city council. For the purposes of this subsection, vacant positions on the council and members who are excused from voting shall not be considered "members of the council" for calculation of the requisite supermajority. To qualify as a protest under this section, the petition must be signed by the owners of either (i) twenty percent (20%) or more of the area included in the proposed change or (ii) five percent (5%) of a 100-foot wide buffer extending along the entire boundary of each discrete or separate area proposed to be rezoned. A street right of way shall not be considered in computing the 100-foot buffer area as long as that street right of way is 100 feet wide or less. When less than an entire parcel of land is subject to the proposed zoning map amendment, the 100-foot buffer shall be measured from the property line of that parcel. In the absence of evidence to the contrary, the city may rely on the county tax listing to determine the "owners" of potentially qualifying areas. The foregoing provisions concerning protests shall not be applicable to any amendment which initially zones property added to the territorial coverage of the ordinance as a result of annexation or otherwise, or to an amendment to an adopted (i) special use district, (ii) conditional use district, or (iii) conditional district if the amendment does not change the types of uses that are permitted within the district or increase the approved density for residential development, or increase the total approved size of nonresidential development, or reduce the size of any buffers or screening approved for the special use district, conditional use district, or conditional district.

(b) Amendments in zoning ordinances shall not be applicable or enforceable without consent of the owner with regard to buildings and uses for which either (i) building permits have been issues pursuant to GS 160A-417 prior to the enactment of the ordinance making the change or changes so long as the permits remain valid and unexpired pursuant to GS 160A-418 and unrevoked pursuant to GS 160A-422 or (ii) a vested right has been established pursuant to GS 160A-385.1 and such vested right remains valid and unexpired pursuant to GS 160A-385.1
