PLANNING STAFF REVIEW

Elements of the Request
The applicant seeks to amend the original R/I (CD) zoning that was approved on 5/7/2002 to allow for an increase in student capacity. Under the current conditional zoning, student capacity at the high school is capped at 300. The amendment to this conditional plan would increase that cap to 420 students. No other changes are proposed at the site or to the conditional plan. Additional planned buildings to be constructed in future stages are still a part of the conditional plan approved in 2002 and have not been modified in number or building size.
