

NEIGHBORHOOD PETITION

Neighborhood:
Date Received:

This is a petition form to request certain devices within a neighborhood or along a residential or commercial street. The lead petitioner is responsible for completing this form and the following requirements, and can reach out to the Town Engineer (704-708-1243) for assistance with maps if needed:

- A map showing the exact location of each requested device is required to be attached to this petition when obtaining signatures. The map needs to be shared with all neighbors, particularly those fronting the proposed installations.
- The petition signatures must be representative of at least 75% of the households along the entire requested street(s) and any along the entirety of other streets within ¼ mile (1,350 feet) of the requested device.
- Only one signature from each household will be counted during validation.
- An HOA letter supporting the request is also required in addition to the petition. (Not applicable if no HOA is established.)

NAME OF LEAD PETITIONER: _____

Lead Petitioner's home address: _____

Lead Petitioner's phone and email: _____

Submit signed petition to the Town Engineer, 1600 Tank Town Rd, Matthews NC 28105.

We, the undersigned neighbors of _____ neighborhood, request the Town of Matthews to install:

- Speed cushions (formerly speed humps)
- Stop signs
- Street lights
- Sidewalks
- Other: _____

on the following street(s) in our neighborhood:

- **We understand** that there may be a cost to the neighborhood for the proposed device.
- **We understand** that each device installed may be accompanied by additional signage.
- **We understand** that portions of the street may be closed during installation.
- **We understand** that emergency services response time will be marginally impacted.
